	Dumbin .	Adur Natio	Answe(s)	
	1 day you quite the interace to "quantities of DDT duripping in California" Thanks.	Juseph Tappety		
	2 Dan you quote the reference to "quantities of DDT duringing in California" 3 Thanks.	Joseph Tappely		
	2 Door Tex: IL Extense #TTE so is it as poluting as telluri 7 guess we all user Door Tex four welling gas.	Paul Bunder		
	4 Sume occord/hiphons grow very well in high CCD containing / Isiw cationate containing waters e.g. upwelled waters along the scalar of Chile and Peru	Carol Publisian	https://www.de.com/watch?vv.tr-utF368	
	B Please could you point me to the internals which sugged this survivers are more imported than temperature increase in causing carditecting	Carol Roberson		
	Consultation made the exists atmosphere less tool: to human their geological time by producing argues, are there exists and tendents that benchares the publicate into less tool: compounds 7	Bian O'Flynn		
	T Intr fades has a proposal to doubt the atmosphere in space to cool the work, is third more practical to put pondered brendome as catcum cationate into the cores to increase the pM of the oceans on it theatler?	Bian C Flyini	This is known as abalinization - see previous OCC 548 by Nok Owens	
	B Novard, Will would be to help with sampling. The hope to be safing from Newfoundand to Generated and Iostand this summer. If could prevents that we will do 1 in 2022 and outperto the carbon this writer. We have	a Mate Fuller	Ith/I be in touch	
	20.33.43 From Card Robinson To: All Panelson i Have a took at the tablet worki cover assessment - just imbased today https://www.or-the-arg/mees/faund-second-worki-assessment			
	20.33.26 From Nax Owens. To: All Panelskis: Ittlere dal the data/windees in the last side come from plasse?			
	20.35.09 From Card Robesten Tal Al Panetiski i postkenews i lovadka a sustantale open i https://openpanet.org/			
	21.03.00 From Spike & Annemate Braunius : https://tecoan.ibanup.com/Mees/			
	21.05.10 From Danie Dunian Ta Al Panetski i Mico Pladu alls Re asponje for De Kuls chemicals the asylenzone			
	21/06/16 From Rohad Kad To Al Panelab IIs your paper being presented al two Climate Change Conternor?			
	21.08.34 From Danie Duniam Ta. All Parentals : Number on Decid from Weig Explorem 7			
	21.10.20 From Jenny Front To AI Panello, VMI the recording of this section for autobio?			
	21.12.09 From Gany Guthes Ta Al Panetaki (WOR)			
y solering lab, with a hel of a lot to take unboard. It was way above	auring namat simple understanding that polution is "BRC",			
much more manced than I had expected.				
v chance you can publish the shoes separately from the normal poors	kontes.			
	21.18.20 From Gamy Guthes. To All Panetick: In your view is I preferable to put plastic into land 16 or burn 5. In a number of residued locations this choice must currently be made			
	21/21/06 From Otive Subara Hervishs, To, All Panetolis, H. Thanks for Bis Santable Inclume. A few questions if possibles, Bigde Otiver			
	213100 From Bran O'Plyon To All Panetos i Peñajo Lecase Tiere Is money to be made from mineral			
	213118 From Bian O'Ports To Al Parentila: Renewalies			
	21-01-37 From Hope Reside To All Panetics - Thank you far a most informative talk. We will change some of our habits after hearing 6 and will speed the work.			
	21:15:02 From Danie Duniam To. Al Parentels : Lots of good lakes from OCC members. So share good pacifice			
	21143-38 From Carol Rubinson (Mather conservation society https://www.motock.org/			
	21.15.59 From Balace Kauge To AI Parents I wohed in water and worker testiment and recipiting for several years, which included belay testiment. Your comments regarding segments for a hardful news, however my	point is to add that the "	polution" reports from waste textment facilities only include those param	netes that are measured and monitored now by overseeing agencies. If mis-
why ou for this fartiantic presentation. It is a bit overwhetming				
	21:0221 From Dane Dunian Ta. All Paneton: Lots of expensive cleares			
nær mi om dæme ordude. Bastonær et ode 30 oadi stæ	and here			
	onye blak 21.06.05 Tevn Dane Duncan. Ta. Alf Pendida, 156 ua deba with some of the surgiceer manufaltures.			

under and report, we dan't even see those peliciting candidons and events at al.
